Consent Agenda

Items shown on the Consent Agenda will be taken up and voted on as a group in one of the first items of business of each Commission meeting. Items may be removed from the Consent Agenda for discussion on the Regular Agenda at the request of any Commissioner prior to the meeting.

Consent Agenda - Orders and Resolutions

- 1** **A03-01-013 - Pasadena Avenue Monterey Road Committee (PAMRC).**
 [4156] A03-07-049, A03-07-050 - Related matters. In these consolidated cases, this decision adopts, with some additional conditions, a settlement among the City of South Pasadena (City), the Los Angeles County Metropolitan Transportation Authority (LACMTA), and the Los Angeles to Pasadena Metro Blue Line Construction Authority (Construction Authority). The settlement commits the settling parties to making certain improvements to warning devices at the at-grade crossings in the City and to take other measures to reduce noise from the operations of light rail vehicles on LACMTA's Gold Line in the City. The decision also grants in part the application of PAMRC to allow the bells on crossing gate arms at certain at-grade Gold Line crossings in South Pasadena to be silenced after the gate arms have descended. A03-01-013, A03-07-049, and A03-07-050 are closed.

Consent Agenda - Orders and Resolutions (continued)

3
[4158] **C04-03-025 - City of San Diego, The Redevelopment Agency of the City of San Diego, and Padres, L.P. vs. San Diego Gas & Electric Company.**

The City of San Diego (City), the City's Redevelopment Agency and the Padres, L.P. (jointly, complainants) bring this complaint to determine whether they, or defendant San Diego Gas & Electric Company (SDG&E), should bear the cost of installation work within a City redevelopment area. The cost of the installation work is \$652,575.30. The decision finds that SDG&E's Electric and Gas Tariff Rule 15 does not apply to the installation work, and that SDG&E is responsible for the cost of the installation work. This proceeding is closed.

[4200] **R02-08-002 - Order Instituting Rulemaking on the Commission's own motion to examine whether the regulations regarding prearrangement of charter-party transportation contained in General Order 157-C should be revised.**

The Commission issues General Order 157-D implementing Assembly Bill (AB) 2591, which strengthens the verification requirements for prearranged charter-party transportation. The Commission concludes that since the Legislature had examined 'prearrangement' in the process of passing AB 2591 (including hearing from the various interests involved), there is no need for the Commission to further examine this issue. This proceeding is closed.

30 R _____ - Order Instituting Rulemaking to revise Commission General Order Number 95 pursuant to D05-01-030.

[4316]

General Order (GO) 95 is critical to the Commission's role of overseeing the safe operation of overhead electric line construction by electric utilities operating and providing service in California. Presently, GO 95 does not address construction standards for attaching wireless antennas to jointly used poles and towers in this state. In order to create a public record upon which to base a decision, all utilities, wireless carriers and other interested parties will be given an opportunity to participate in this rulemaking.

**38 R _____ - Order Instituting Rulemaking on the Commission's own motion to
[4311] assess and revise the regulation of telecommunications utilities.**

This Order institutes a rulemaking to assess and revise the regulation of all telecommunications carriers in California except for small incumbent local exchange carriers (ILECs). The primary goal of this proceeding is to develop a uniform regulatory framework for all telecommunications utilities, except small ILECs, to the extent it is feasible and in the public interest to do so.

Res T-16897 - Citizens Telecommunications Company of California (Citizens).

This resolution requires Citizens to apply a CHCF-B permanent surcredit rate of 3.63% and an additional surcredit rate of 2.95% to true up the provisional permanent surcredit, totaling 6.58%, for one year. Subsequently, Citizens will continue to apply the 3.63% permanent surcredit on the first day of the month after the twelve-month implementation period of the 6.58% total CHCF-B surcredit on all intrastate billings, with certain exceptions. (Advice Letter (AL) 722, filed October 24, 2001, and Supplement A, filed April 13, 2004. AL 732, filed November 29, 2001, and Supplements A, B, and C, filed December 10, 2001, August 1, 2002, and April 13, 2004, respectively)

ALTERNATE TO ITEM 4155

This alternate requires Citizens Telecommunications Company of California to (1) implement a permanent CHCF-B surcredit rate of 3.63%; and (2) apply a one-month surcharge rate of 1.72% on all intrastate billings, except residential basic service, contracts, and coin-sent paid calls. The one-month surcharge rate is being implemented to recover an over refunded amount to its customers during the three-month temporary catch-up surcredit period. This alternate finds that D.98-09-039 did not contemplate the true-up of the provisional surcredit, but instead anticipated its application on a going forward basis.

[3979]

Disposition of Applications for Rehearing of D04-07-034 filed by the Office of Ratepayer Advocates, City of Fontana and the Fontana Unified School District. D04-07-034 authorizes a rate increase for the San Gabriel Valley Water Company (San Gabriel), Fontana Water Company Division. Among other things, the decision removes \$2.6 million from the ratebase, finding that is the amount of money the County of San Bernardino reimbursed San Gabriel for its water treatment facility, Plant F-10. The decision also finds that the Fontana Division is experiencing growth that is expected to continue and that it was barely able to meet its 2003 summer peak-day demand following four years of drought and closure of various contaminated wells. Further, the decision finds that it is not reasonable to defer addition for new plant in the Fontana Division until outside funding for contamination cleanup becomes available and finds that the utility has justified its proposed construction program including plans for needed plant additions that would increase its rate base at a rate of 10% per year. The decision advises that the utility to open a water quality memorandum account for any reimbursements from polluters or proceeds ultimately received. The decision permits the utility to purchase land for its new office building but requires it to defer building the new office building at this time. Because the utility has not, in the past, hired new personnel when funded to do so, the decision requires it to file an advice letter for inclusion of the costs of each new position authorized by it. In addition, the decision finds that that the utility's executive salaries are not unreasonable.

R03-09-006 - Conference with Legal Counsel – Application for Rehearing

Disposition of Application for Rehearing and/or Request for Stay of D04-12-056 filed by Southern California Edison Company (SCE), and/or Disposition of Application for Rehearing of D04-12-056 filed by the Pacific Gas and Electric Company (PG&E) and the San Diego Gas and Electric Company (SDG&E). D04-12-056 prohibits the use of 'reverse auctions' in energy utility construction contract bidding procedures, a practice in which bidders compete for contracts by lowering their bids until the lowest bid is accepted. D04-12-056 also requires respondent utilities to ensure the payment of prevailing wages by their construction contractors in all construction. SCE, PG&E, and SDG&E, respondent utilities, seek rehearing on allegations that latter provision of D04-12-056 is preempted by federal law, contrary to Commission Rules, and not supported by the record of the proceeding.

Gov. Code § 11126(e)(2)(B)(i), allows this item to be considered in Closed Session.
